Digital Marketing: SEO/SEM, Google Business Profile, Paid Promotions, Brand Positioning, Customer Engagement, Performance Marketing

Tools & Platforms: Google Analytics, Meta Ads Manager, WordPress, C-Panel, HTML/CSS, Power BI, SQL, Python, AWS Cloud, SAP

Professional: Team Coordination, Stakeholder Communication, Client Communication, Creative Thinking, Project Management

PROFESSIONAL EXPERIENCE

Freelance Digital Marketing & Content Consultant

Client: Green Haven (Dalify) | Mumbai, India May 2026 - Present

- Handle client-based brand positioning and digital marketing support across social media, website, Google Business Profile and local SEO channels.
- Develop social media content ideas, product promotion concepts, SEO-focused captions and AI-assisted content workflows for client campaigns.
- Support paid advertising planning, performance review and customer engagement activities to improve digital visibility and enquiry focus.
- Coordinate website updates, UX/UI improvements and content execution with a professional client-servicing approach.

IT Support Lead & Digital Marketing Management

Caviar Classic Sea Food | Umm Ramool, Dubai, UAE

Feb 2026 - Mar 2026

- Supported Instagram/Meta campaign execution, social media team coordination and digital marketing activity for retail and wholesale objectives.
- Analyzed Google Analytics data to identify high-conversion trends and support budget allocation improvements by 25%.
- Maintained WordPress and C-Panel systems supporting daily retail and wholesale digital operations.
- Translated performance insights into actionable recommendations for content direction and paid campaign activities.

Technical Support Advisor & Engineer

Concentrix (Dell Technologies) | Pune, India

Feb 2025 - Jan 2026

- Delivered technical advisory support for enterprise products while maintaining strong stakeholder communication and SLA discipline.
- Managed incident resolution, root-cause analysis and product update coordination to support stable business operations.

KEY PROJECTS & PORTFOLIO

Dalify Client Project - Digital Marketing & Content Campaigns

Instagram Marketing, Content Strategy, Product Branding, AI-assisted Content Creation

- Worked on client content ideas, product launch messaging, offer campaigns, captions and visual creative direction for a premium Indian food brand.
- Created campaign concepts for high-protein mixes, spices, grains and seasonal promotions using audience-focused hooks and brand storytelling.
- Portfolio / Previous Work Samples: To be shared separately.

Consulting Firm Web Development & Testing

HTML/CSS, Website Testing, SEO, UX

- Designed and tested responsive website pages with focus on performance optimization, SEO structure and cross-browser user experience.

Event Management System

Project Management, Web Application Planning, Team Coordination

- Led project management for a college web-based system, coordinating requirements, task ownership and delivery timelines.
